

PRODUCT CATALOGUE

Hotpack Packaging Industries is one of the global leaders manufacturing, marketing, and distributing a wide range of food and beverage packaging and related products. We serve our products and services to a variety of industries including Food service, Hospitality, Retail, Healthcare, E-Commerce, Pharma, Airline etc.

Established in Dubai, United Arab Emirates in 1995, Hotpack offers its extensive product range around the globe with its vast network of manufacturing facilities and distribution centers spread across Middle East, Far East and UK. With a product range of over 4000 products, we are proud that our efforts help reduce food waste, provide customer with much needed peace of mind that the packaging we offer help prevent any possibility of food contamination, and that each customer is a green ambassador contributing to the sustainability drive we initiated – where over 96% of our products are either biodegradable, compostable, recyclable or re-usable. With branches all over Middle East, UK, USA, Europe, Australia, Morocco, India, Malaysia and distribution network covering over 100 countries and counting, we offer the assurance to count on us to deliver our quality products all over the globe. We keep our mission, vision and values the core principles of our operations, and Hotpack is on course to achieve our established vision to be recognized as a global brand leader in food packaging by 2030.

We possess all major international quality accreditations and audits - ISO, BRCGS, USFDA, Sedex, FSC, PEFC, and ESMA certifications. Moreover, Hotpack is the proud winner of Dubai Quality Award, which forms the hallmark of our quality standards.

Hotpack is managed by a team of dedicated, highly qualified, and experienced professionals. It has adopted policies aimed at developing and enriching the potential of each of its employees who serve the business ethically and with passion.

Hotpack keeps innovation and advanced technology at the core of its business approach, and production execution is fully automated in all its plants. The company follows Industry 4.0 standards and steadily pushing boundaries for full sustainability and circular economy.

TAMPER EVIDENT CONTAINERS

Hotpack's PET tamper-evident containers are perfect for packaging food items, such as salads, fruits, and other snacks in the foodservice industry. Our containers are made of high-quality materials, ensuring durability and a leak-proof performance. With its practical and convenient design, our containers provide a hygienic and safe solution for storing and transporting food items. Its tamper-evident feature ensures that the food remains secure and fresh until it reaches its destination.

SALAD CONTAINERS

Introducing the PET Salad Container by Hotpack Packaging, the ultimate solution for maintaining the crispness and flavor of your salads. Our container features an airtight seal that preserves the freshness of your greens, toppings, and dressings until you're ready to indulge. With separate compartments for each ingredient, you can create a customized salad on the go, ensuring no more soggy croutons or wilted lettuce. Made from high-quality, BPA-free PET material, our containers are safe, durable, and microwave and dishwasher safe for your convenience. Plus, they are fully recyclable, allowing you to make an eco-friendly choice without compromising on quality. Upgrade your lunch routine and enjoy the joy of a fresh and delicious salad anytime, anywhere with our PET Salad Container. Perfect for busy professionals, students, and anyone with an active lifestyle. Make your meals healthier, tastier, and more enjoyable with Hotpack Packaging's PET Salad Container.

COMMITMENT TO SUSTAINABLE PACKAGING

With the current focus on the recyclability of material and sustainability of resources, the packaging industry worldwide is rapidly engaging in eco-friendly measures. Sustainable packaging is becoming, more than ever before, a higher priority for all the stakeholders: brand owners, converters and consumers.

Hotpack Packaging Industries LLC, Dubai, U.A.E leads the initiative in the region by offering custom-made, completely recyclable packaging products for diverse flexible packaging applications. With latest European machines, modern production techniques, ESKO digital prepress processing and a lab equipped with all the key analytical tools, Hotpack offers its expert services in custom-designing a packaging that supports sustainability while running efficiently on machines and meeting all the end-use performance parameters.
